

GO CAREFULLY Wildlife Poster

To help raise awareness regarding ecological issues across the Group the HS&E Department circulated 500 copies of the Go Carefully Wildlife poster for display on site.

This poster was developed by CIRIA with input from the UKCG Environmental Sub-Group.

Are they mandatory?

No. However, as they have been made available to all Business Units they should be clearly displayed on site notice boards and used to raise awareness regarding site specific ecological issues along with the GT ecological

tool-box talks that are available on the intranet – refer to Environment Bulletin No. 27; December 2011.

What do we do if we want more?

Should more Go Carefully Wildlife posters be needed, please refer below:

- **For less than 100 posters.** Place the order through the CIRIA web-site via this [link](#). Cost = Pack of ten posters for £10.
- **For more than 100 posters.** Contact Philip Charles (020-7549-3325; philip.charles@ciria.org). Cost = 80p per poster.

If you have any comments on this poster or require other environmental posters please contact your Regional or Framework Environmental Advisor.
