

## MTS/Thames Water hit the TV Screen's

For the news content would something like this suffice?

MTS in conjunction with Thames Water were featured a few times over the course of series two for Grimebusters. This is a real life series that is shown on TV.

ITV's Grimebusters has been out filming with the Council's environment and enforcement services for a six-week television series.

The show focuses on the everyday people that clean up the nations dirt and grime.

The film crew has been focusing on the work of the Council's sewer and graffiti teams and the work they do to keep Barking and Dagenham tidy
